

The Purchase Order Sample

Adobe® LiveCycle® Designer 8.0

Copyright 2006 Adobe Corporation. All rights reserved.

About the sample

The four Purchase Order samples demonstrate the behavior of dynamic, interactive and dynamic interactive PDF forms. These samples are referenced in the documentation. For information about creating forms, see the LiveCycle Designer Help.

Getting started

To get started, you need the following files:

Dynamic Purchase Order

Form:	Purchase Order.xdp	The LiveCycle Designer form file located in the Forms folder.
Data:	Purchase Order.xml	The XML data file located in the Data folder.
Image:	Purchase Order.tif	The image file located in the Images folder.
Output:	Purchase Order.pdf	The rendered form with merged data located in the Outputs folder.

Dynamic Interactive Purchase Order

Form:	Purchase Order.pdf	Both the form design and the form that the user will interact with, located in the Forms folder.
Image:	Purchase Order.tif	The image file located in the Images folder.

Interactive Purchase Order

Form:	Purchase Order.pdf	Both the form design and the form that the user will interact with, located in the Forms folder.
Image:	Purchase Order.tif	The image file located in the Images folder.

Schema Purchase Order

Form:	Purchase Order.xdp	The LiveCycle Designer form file located in the Forms folder.
Data:	Purchase Order.xml	The XML data file located in the Data folder.
Schema:	Purchase Order.xsd	The schema file located in the Schema folder.
Image:	Purchase Order.tif	The image file located in the Images folder.
Output:	Purchase Order.pdf	The rendered form with merged data located in the Outputs folder.

Running the samples

You can run the samples by following these steps.

Dynamic and Schema Purchase Order

1. Open the form, Purchase Order.xdp, in LiveCycle Designer.
2. To specify the preview options, select File > Form Properties. Click the Defaults tab and do the following:
 - In Preview Type, select Print Form.
 - In Data File, browse to the Data folder and select the sample data file, Purchase Order.xml.
 - Click OK.
3. To preview the form, click the Preview PDF tab.

Interactive and Dynamic Interactive Purchase Order

1. Open the form, Purchase Order.pdf, in Adobe Acrobat® Professional, Acrobat Standard, or Adobe Reader®.
2. Click in the P.O. Number field and start filling the form.

Results

The output sample PDF file in the Outputs folder shows the rendered form merged with data. Use this file to compare to the results of the previewed form.
